

## Conference App Tutorial – Getting Started

**Application Name:** 2017 ISAC Legislative

### Where to find the app:

1. Go to Google Play Store or App store and search "2017 ISAC"

### iPhone

1. "Get"
2. "Install"
3. Prompted to give your Apple ID password
4. Accept Terms and Conditions
5. Hit open in the app store or launch the app from your home screen

### Android

1. "Install"
2. "Accept"
3. "Open"

### Once in the app:

1. Enter email address
2. If prompted – Select "OK" to receive push notifications
3. Be patient – it may take a little time for the app to configure and get you to step 4.
4. Your event profile – Select "create manually" at the bottom of the screen
5. Name, Title, Company/County and hit the check mark in the upper right-hand corner when complete
6. Optional but not needed – Let us know your location

### Important notes:

- Be sure to select "OK" to receive push notifications if prompted
- After you register you will be sent an email that will prompt you to change your password. This password will only be needed if logging into the app on a different device – computer, tablet, etc.
