Health Planner

Johnson County Public Health seeks a Health Planner to provide assistance in general health planning and program development activities, including employee wellness programming, as directed. Perform planning tasks, including research and evaluation, to support the development of preventive health plans and programs in relationship to core public health functions, essential services, and findings related to local health assessment efforts. Engage community members and partner organizations to address community health concerns through intervention development.

Qualified applicants will have a Bachelor's degree in public health, health education or related field AND two years of work experience in a related area OR any equivalent combination of training and experience that provides the required knowledge, skills and abilities. Master's degree preferred. Language skills in Spanish, French and/or Arabic helpful.

Starting salary \$25.40-\$29.88 an hour plus excellent benefits. To learn more and apply please visit our website, www.johnson-county.com. Applications are accepted until September 26, 2019. **Resume and cover letter must be attached to online application.**
