

County Financial Overview

January 2012

Provided by the Iowa State Association of Counties

Thanks for picking up a copy of the 2012 County Financial Overview, distributed annually since 1997 by the Iowa State Association of Counties (ISAC). ISAC is a non-profit, non-partisan association with a membership comprised of elected and appointed officials from all 99 Iowa counties. The Overview is designed to be a resource for county officials, state legislators and all Iowa citizens. It contains information on property taxes and valuations, county budgets, population and local option sales taxes, to name a few. Most of the data was supplied by the Iowa Department of Revenue or the Iowa Department of Management, and the source for each table is noted. If you have any questions, please contact the ISAC using the information below.

*Of those counties that are using the levy

**Iowa Code §331.426 allows counties to exceed the general basic and rural basic fund maximum levy rates due to certain unusual circumstances.

Tax rates are expressed in dollars per thousand.

* The population data above is based on "intercensal" estimates, which are population estimates produced once a decade by adjusting the existing time series of postcensal estimates for a decade to smooth the transition from one decennial census count to the next. They differ from the postcensal estimates that are released annually because they rely on a formula that redistributes the difference between the April 1 postcensal estimate and April 1 census count for the end of the decade across the estimates for that decade.

* The population data above is based on "intercensal" estimates, which are population estimates produced once a decade by adjusting the existing time series of postcensal estimates for a decade to smooth the transition from one decennial census count to the next. They differ from the postcensal estimates that are released annually because they rely on a formula that redistributes the difference between the April 1 postcensal estimate and April 1 census count for the end of the decade across the estimates for that decade.

*Other revenues include delinquent property taxes, licenses and permits, penalties and interest, use of money and property, miscellaneous, long-term debt and fixed asset sales.

**Other taxes include local option sales, gambling, utility excise and other taxes, as well as TIF increment tax revenues.

Source: County Budget Filings, Iowa Department of Management

FY 2012 County Revenue Sources

Intergovernmental revenues include state road use taxes and franchise taxes, as well as state replacements of various property tax credits. Also included are state and federal grants and pass-thru revenues.

Other county taxes include local option sales and hotel/motel taxes, any gambling tax revenue, tax increment financing revenue and utility replacement excise taxes.

Net current property taxes are gross property tax revenues less tax credits and estimated delinquent taxes.

Charges for service include revenues based on exchange transactions, where the payer directly benefits from the goods/services provided; liquor licenses and building permits are examples of such charges.

Use of money and property includes earnings from investments, rents and other miscellaneous income.

Miscellaneous revenues include special assessments, contributions and donations, unclaimed property, forfeitures and defaults and fines from violations of county ordinances.

Delinquent property taxes are revenues collected in the current fiscal year from property taxes due in previous fiscal years.

FY 2012 County Expenditures by Service Area

In fiscal year 2012 (which runs from July 1, 2011 to June 30, 2012), counties will spend 58% of budgeted resources on 3 primary areas: law enforcement, mental health services and transportation.

The debt service, capital projects and nonprogram current service areas are all classified as nonprogram expenditures. Nonprogram current expenses include minor items, such as interest on short-term debt and corrections from previous years; debt service expenses account for principal and interest payments on long-term debt; and capital projects expenses include certain road construction expenses and major capital projects, such as a new jail or courthouse renovation.

Government services to residents include many state-mandated services, such as elections, motor vehicle registration, and the recording of public documents.

Administration expenses include salary and wages for the board of supervisors, auditor and treasurer and their respective staffs, as well as many insurance costs and general office expenses.

The county environment and education service area includes an array of services. Expenses for environmental improvement, conservation and recreational services, land use control, economic development, historic preservation, libraries and county fairs are all accounted for here.

Physical health and social services expenses include services to the poor, to elderly persons and to pregnant women. They also include sanitation expenses, such as food and beverage inspections, and administrative expenses for the offices of the board of health, general assistance and veterans' affairs. This service area also accounts for chemical dependency programs and youth shelter care.
