

# BE A LEADER BE AN EDUCATED LEADER BECOME A **CERTIFIED IOWA COUNTY SUPERVISOR**

Congratulations on being elected to the office of county supervisor. Now what? With this position comes great responsibility as you set out to make your county a better place for your citizens to live. The decisions that you will make in this role will have immediate and lasting impacts. The belief of the Iowa State Association of County Supervisors (ISACS) is that educated county supervisors make better decisions.

Enclosed we offer information about the position to which you were elected. Knowledge of a wide range of topics is extremely helpful to county supervisors, and it is difficult to be truly prepared for this exhaustive list without additional help.

ISACS is offering a certified continuing education for county supervisors for the second time beginning in January 2023. This two-year Certified Iowa County Supervisor program will offer new and returning county supervisors the education needed to be an effective, educated leader and to provide better county government for the citizens of Iowa.

This program is free of cost, and registration is open now. Please reach out to either of us, Katie Cook ([kcook@iowacounties.org](mailto:kcook@iowacounties.org)), or Rachel Bennett ([rbennett@iowacounties.org](mailto:rbennett@iowacounties.org)) if you have questions, would like more information, or are ready to sign up for this well-rounded, educational program.

### **CEUs will be offered during these upcoming events – SAVE THE DATES!**
