

2026 ISAC Marketing Guide

→ **Connect with Iowa County Leaders**

The Iowa State Association of Counties (ISAC) is the principal, authoritative source of representation, information, and services for and about county government in Iowa. Our members are county officials and employees from all 99 counties.

Preferred Vendor Program

ISAC knows that companies are looking for ways to build and to strengthen their relationships with county governments. With that in mind, we offer the ISAC Preferred Vendor Program to give companies the greatest exposure to county officials and employees.

The Preferred Vendor Program can help you accomplish your goals of creating and strengthening awareness and visibility among our members. Our preferred vendors are uniquely positioned to build and deepen relationships with county officials in all 99 Iowa counties.

Why did we create this program?

This program offers companies the ability to have year-round exposure to county officials while helping to support ISAC events throughout the year.

What is the benefit to your company?

As a preferred vendor you will be able to keep in touch with ISAC members throughout the year. The program minimizes your costs by offering a package of benefits rather than charging on a per-item basis. Budgeting for your company will also be made easier with this one-stop-shop approach. We will do all of the work for you so that you don't miss any opportunities to communicate with county officials.

Which level is right for your company?

The wide range of preferred vendor packages will fit every budget. Four levels of preferred vendors range from \$12,000 with the maximum exposure to \$1,500 annually. ISAC also offers a la carte opportunities. Please note that all packages are customizable and can be modified to fit your company's specific needs.

Preferred vendor vs. a la carte?

The preferred vendor packages will give you a presence with the county officials of Iowa. A la carte opportunities are offered for the company interested in seeing if a market exists in county government. A la carte items can be added to preferred vendor packages.

Benefits at a glance

Four preferred vendor packages offer a variety of year-round benefits to companies looking to increase exposure among Iowa county officials and employees.
